

London Treasure Hunt!

Outdoor team building event for 5 to 200 "explorers" in the exciting and vibrant Capital City lasting approximately half a day!

London is a stimulating place to visit anytime of the year, come rain, wind or shine! From the old history melding with the new life, London is a perfect place to compete in our Treasure Hunt whilst exploring this fascinating Capital City. Whether your organisation is based in London or your team is looking for a change of scenery, our Treasure Hunt activity offers a chance to see London with new eyes.

Distinguished landmarks such as The Tower of London, The Globe Theatre and St Paul's Cathedral stand alongside the new and innovative designs of the Millennium Bridge, The London Eye and the 'Gherkin' in this competitive event. Your teams will decide the best way to complete the Treasure Hunt utilising photo locations, unraveling team challenges and finding GPS waypoints that will enable them to crack the code and claim their prize.

The London Treasure Hunt is easily adapted around the sights and sounds found alongside the vibrant and interesting South Bank, to the peace and tranquility of the Hampton Court Palace Gardens. One great aspect about the Treasure Hunt is that it can be started in one place and finished at another location of your choosing! It can also start and finish at the same place.

Easily accessible from anywhere in the UK and overseas, London can boast one of the most exciting and cosmopolitan nightlife's in the world. If you decide to stay overnight we can recommend hotels in the heart of the city, or appropriate venues in which to kick start this event!
