6 to 150+ participants
Teams of between 3 and 6

Duration: 1.5 - 2 hours

Wine-Tasting Event!

This is a fun team-based event that provides a great lead-in to a celebratory evening meal or an ideal ending to a team meeting, away day or conference event.

The wine tasting starts with a light-hearted introduction to the art of wine tasting. We quickly move onto the wine tasting itself with participants working in small teams trying each wine in turn.

The process is simple: **every team has a limited amount of time to taste the wines and answer the questions.** There are four rounds: wine in a general context, red wines, white wines and matching the price with the wine. . We select good quality wines representing major grape varieties and wine producing regions from around the world.

We keep up the pace to maintain fun - the laughter and noise during the tasting session reflects this!

At the end of the wine tasting, we quickly score up and award prizes to the top-scoring teams - this could involve participants selecting a favourite wine from all those tasted.

TEAM LEARNING: learn about wine, make some great group memories, develop communication and listening skills.

“Our business with Eventus has been particularly memorable for the level of ease with which the organisation was carried out and their prompt response to our enquiries. It was a great experience.”

Stéphanie D. – Santé BTP

- + The winning team leaves with their favourite wine.
- + This differs greatly from the classic oenological session, thanks to the friendly atmosphere and the element of fun.
